

NEC MULTISYNC M651-MPI4

Let implementering af digital skiltning og tidstro information.

- Moderne og slankt design – robust, men elegant, mulighed for diskret integration i hvilken som helst anvendelse og alle miljøer.
- Intuitiv Plug & Play-løsning – selvom brugerne ikke har kendskab til anvendelsen af digital skiltning, kan de bidrage til at skabe imponerende skiltning for at opnå immersive, tidstro, visuelle oplevelse
- Installér tredjeparters software – udvid NEC-medieafspillerfunktionen ved hjælp af ekstra apps, eller skift til dine foretrukne indholdsstyringssystemer (CMS, Content Management Systems) direkte fra N
- Få styr på det hele – der skal blot én grænseflade til for at styre NEC-medieafspilleren såvel som displayet direkte, via en webbaseret grænseflade eller NEC-displayets fjernstyring.
- Uhindret læsbarhed – ingen genspejling fra vinduer eller andre lyskilder betyder, at skiltens indhold eller præsentationen i mødelokalet hele tiden er synlige.
